

ADITYA KUMAR JHA

Javascript / Typescript Developer

Gurugram, India

github.com/adijha

Portfolio : adijha.com

Email : mail@adijha.com

Phone : +91 7821915962

SKILLS

- Programming Language : **JavaScript** / Typescript, C++
- Mobile Development : **React Native**
- Javascript Things : **React.js**, **Node.js**, Redux
- CSS Things : Tailwind css, Bootstrap, Sass
- Database : MongoDB, Firebase
- Tools : Git, Github, npm, AWS, Heroku, Jira, Adobe XD

EXPERIENCE

Globatalent, London (Remote) 11 months - Software Development Engineer (Javascript)

JANUARY 2020 - NOVEMBER 2020

Tech used: React, React Native, Redux, Firebase, Node js, Tailwind css

- With my colleagues I built a Globatalent mobile app. [Google Play Store Link](#).
I designed almost all screens and handled Accounts, visa Cards, SMS, Push Notification etc. modules there.
We also integrated some native only modules (for user's documents verification) using java and objective-C.
- We revamped [Globatalent](#) website multiple times, using React.js and Tailwind css
- I enjoyed some server stuff also with Node js, and Koa.js. It includes a little blockchain also.

Mojito Labs, Gurugram, India 6 months - Software Development Engineering, Intern

AUGUST 2019 - JANUARY 2019

Tech used: Node js, React, Express.js, React Native, Next.js

- Started as a node.js intern here, then I worked with React primarily.
- Developed shopify apps to enhance customer experience on e-commerce websites, using Node.js and React

FREELANCE PROJECTS

- ❖ [Order notification and abandon SMS app](#),
Added order notification sms, abandon checkout sms with parsing webhooks data and with twilio api.
- ❖ [Shopify plugin for Reliance FYND](#),
Product Mapping and inventory sync between shopify store products & Fynd products,
Real Time Order management through shopify webhooks to fynd. Real Time Pincode serviceability and cart validation for product availability from fynd.
- ❖ [MelisXpress](#),
Developed shopify middleware app for creating webhook, for create and fulfilment of order and add products to shopify through other websites.

EDUCATION

<u>Degree</u>	<u>University</u>	<u>Year of Qualifying</u>
Bachelor of Engineering, Computer Science	Jaipur National University	May, 2021

CERTIFICATIONS

- Full stack web development course from CS50 & Udemy
- Android Fundamentals course from Udacity
